

5M
WORKING HEIGHT

180KG
MAX LOAD

320KG
WEIGHT

MoveAround
MA50

Driveable lift with a working height of 5 meters that can be disengaged for manual movement in narrow passages. Suitable for properties with high ceilings and requirements for mobility in an elevated position.

SPECIFICATIONS

Size of the platform	0.53 x 0.76 m
Total load on the platform	Max 180 kg
Total number of people	Max 1
Working height	5 m
Platform height	3 m
Lifting time (3 m)	16 s
Weight	320 kg
Total width	0.76 m
Total height	1.64 m
Total length	1.2 m
Driving speed	Lowered 4 km/h, raised 2 km/h
Power source	2 psc 75 Ah (C20) 12 V batteries, maintenance-free
Line voltage	24 V
Battery charger	230 V, 50 Hz / 60 Hz
Lifting system	Single manoeuvred hydraulic cylinder
Wheels	Diameter 200 mm, polyurethane coating, leaves no marks
Parking brakes	Automatic
Height of railing	1.1 m
Height of skirting board	0.15 m
